Our mission is rooted in flexibility and innovation, striving to be a trusted and satisfying supplier for customers and partners Atlas Food specializes in global food trading, offering a wide range of products, including pork, poultry, potatoes, seafood, beef, and vegetables. Although we were established in 2020, we bring over 30 years of combined experience to the industry.

Our promise is to build trust and add value through honest business relationships, sound economic management and a high level of service with a focus on reliability and adaptability. We are committed to meeting our customers' needs while prioritizing a positive work environment for our employees.

Our Services

One Stop Shop

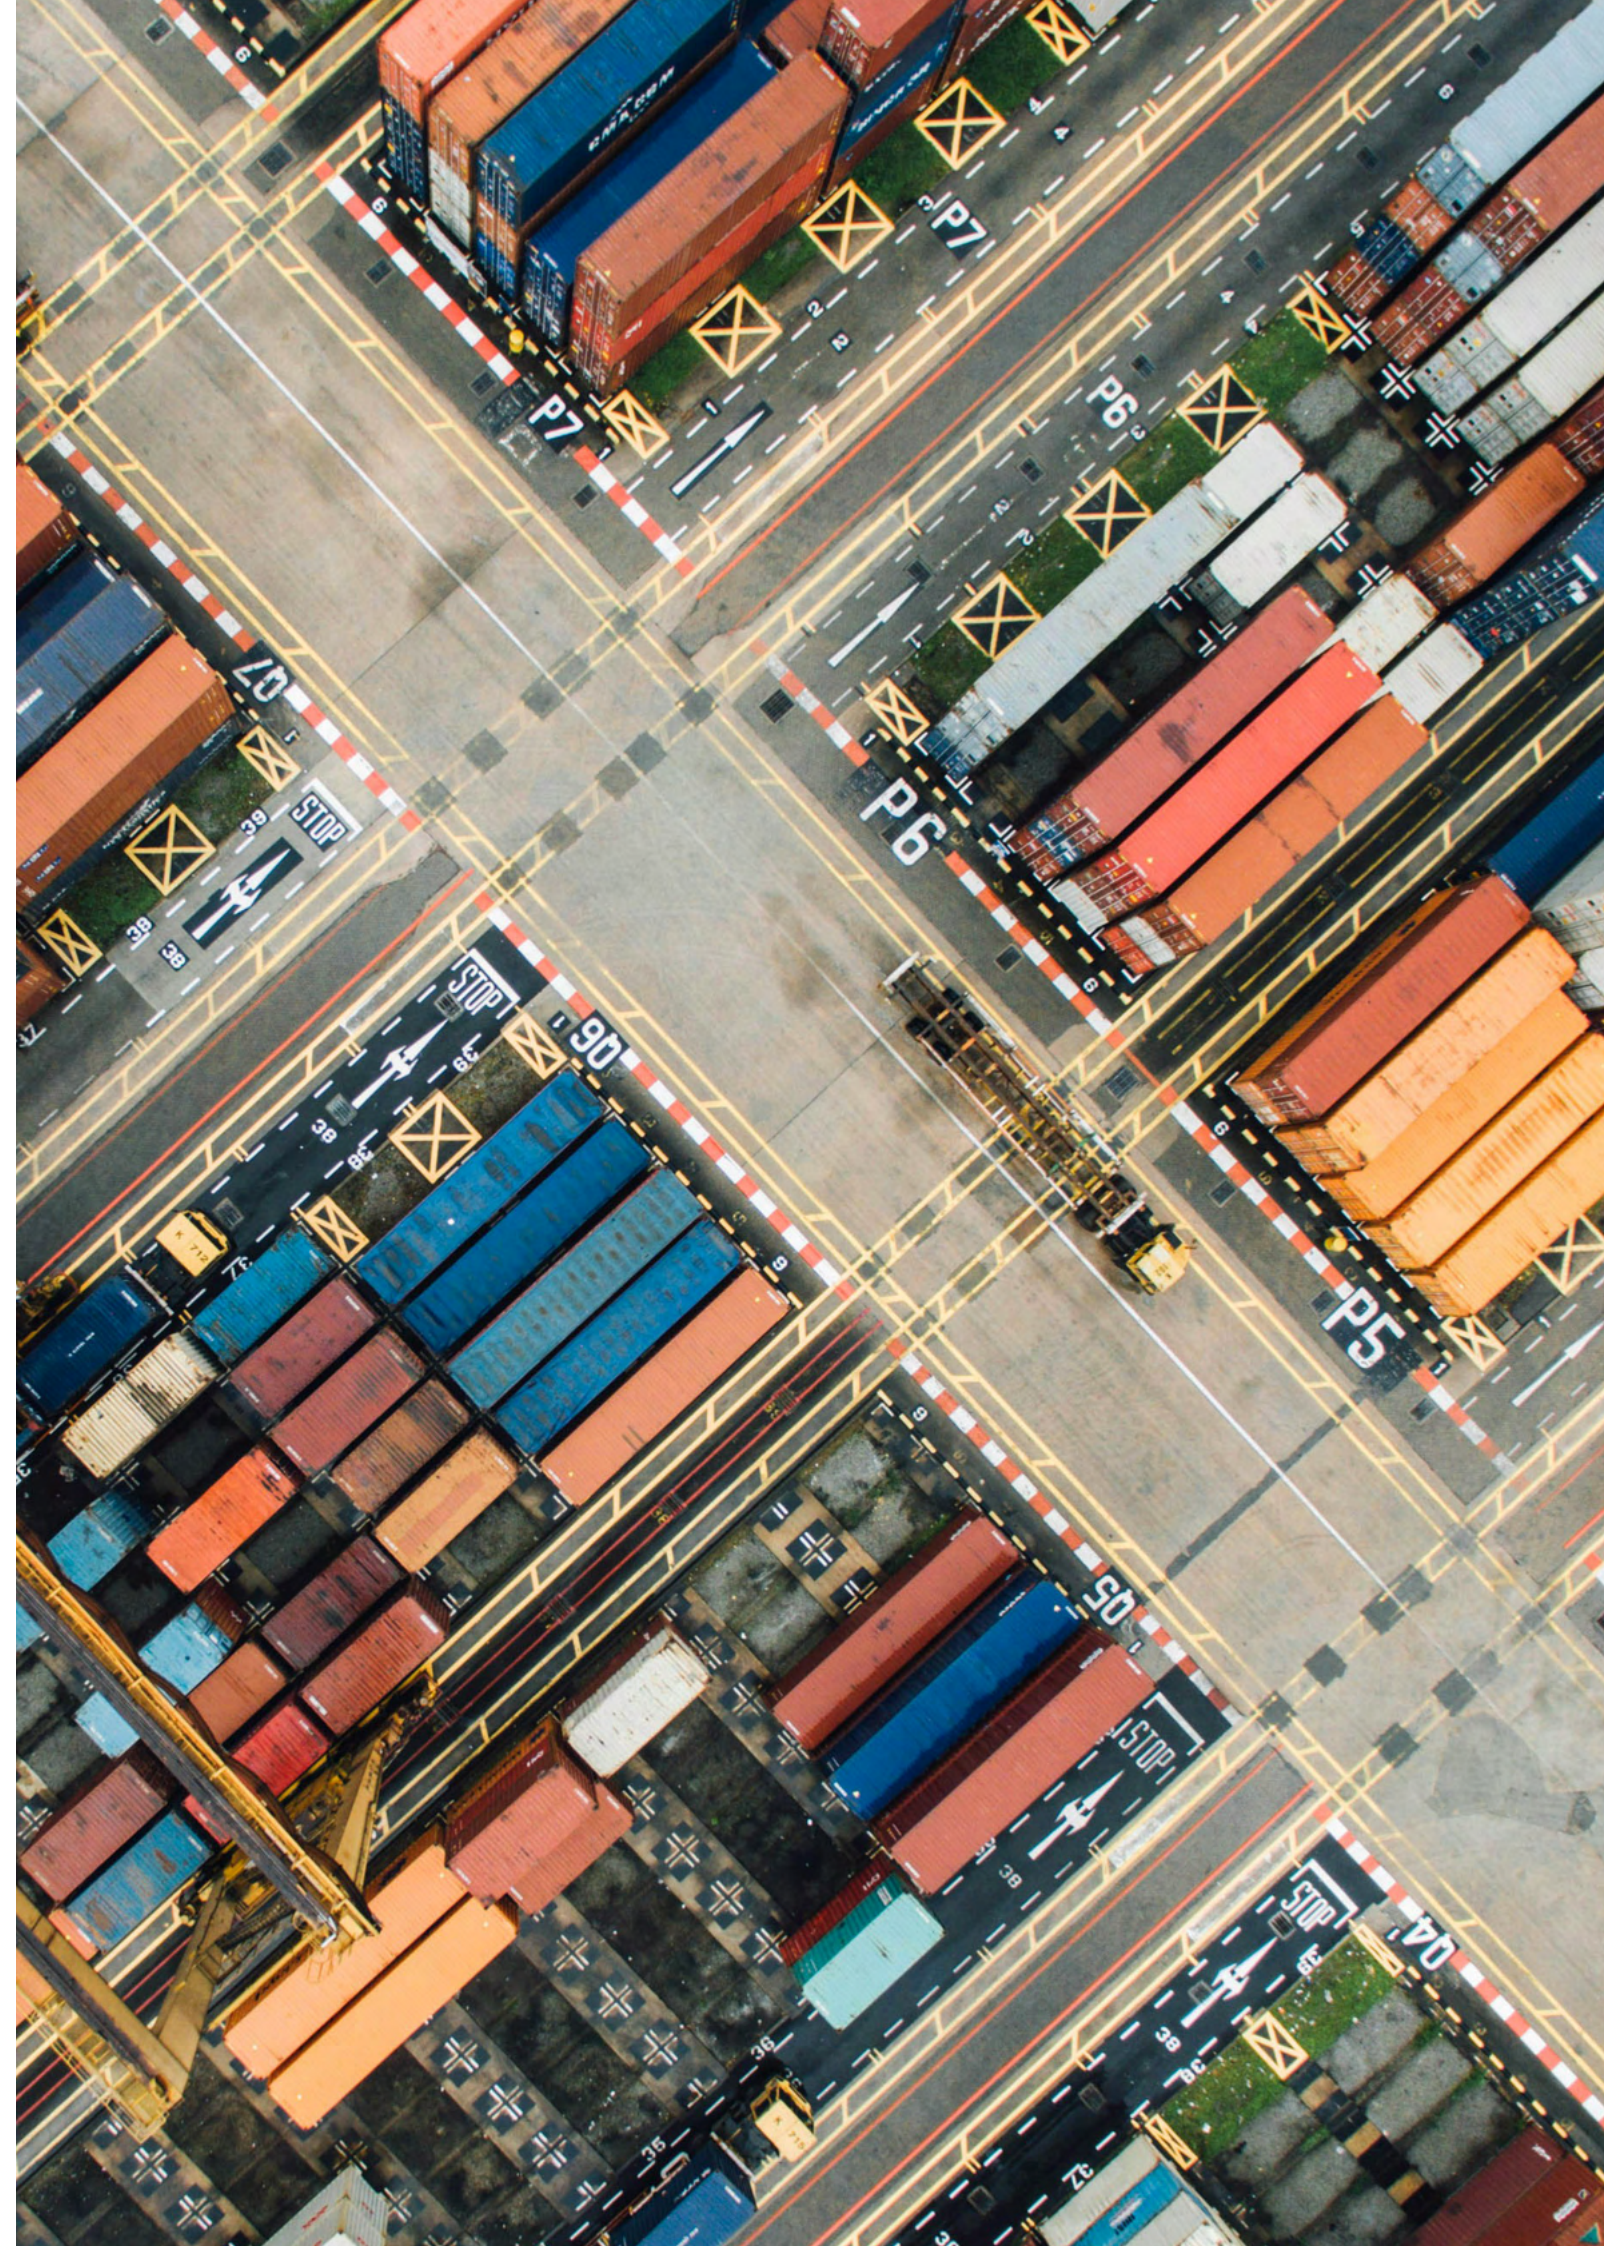

Atlas Food is a one-stop trading company, offering a wide range of frozen food products. We efficiently cater to global markets, providing tailored solutions for suppliers and customers. Our agility in adapting to market changes, including offering private label services, underscores our commitment to personalized and responsive customer service.

Shipping / Logistics

We ensure seamless and accurate delivery of our products, focusing on minimal risk and maximal efficiency. We comply with both local and international regulations, tailoring our services to different market requirements. Our goal is to offer a secure, straightforward, and risk-free logistics experience, driven by our deep market understanding and adaptability.

Sound Economic Management

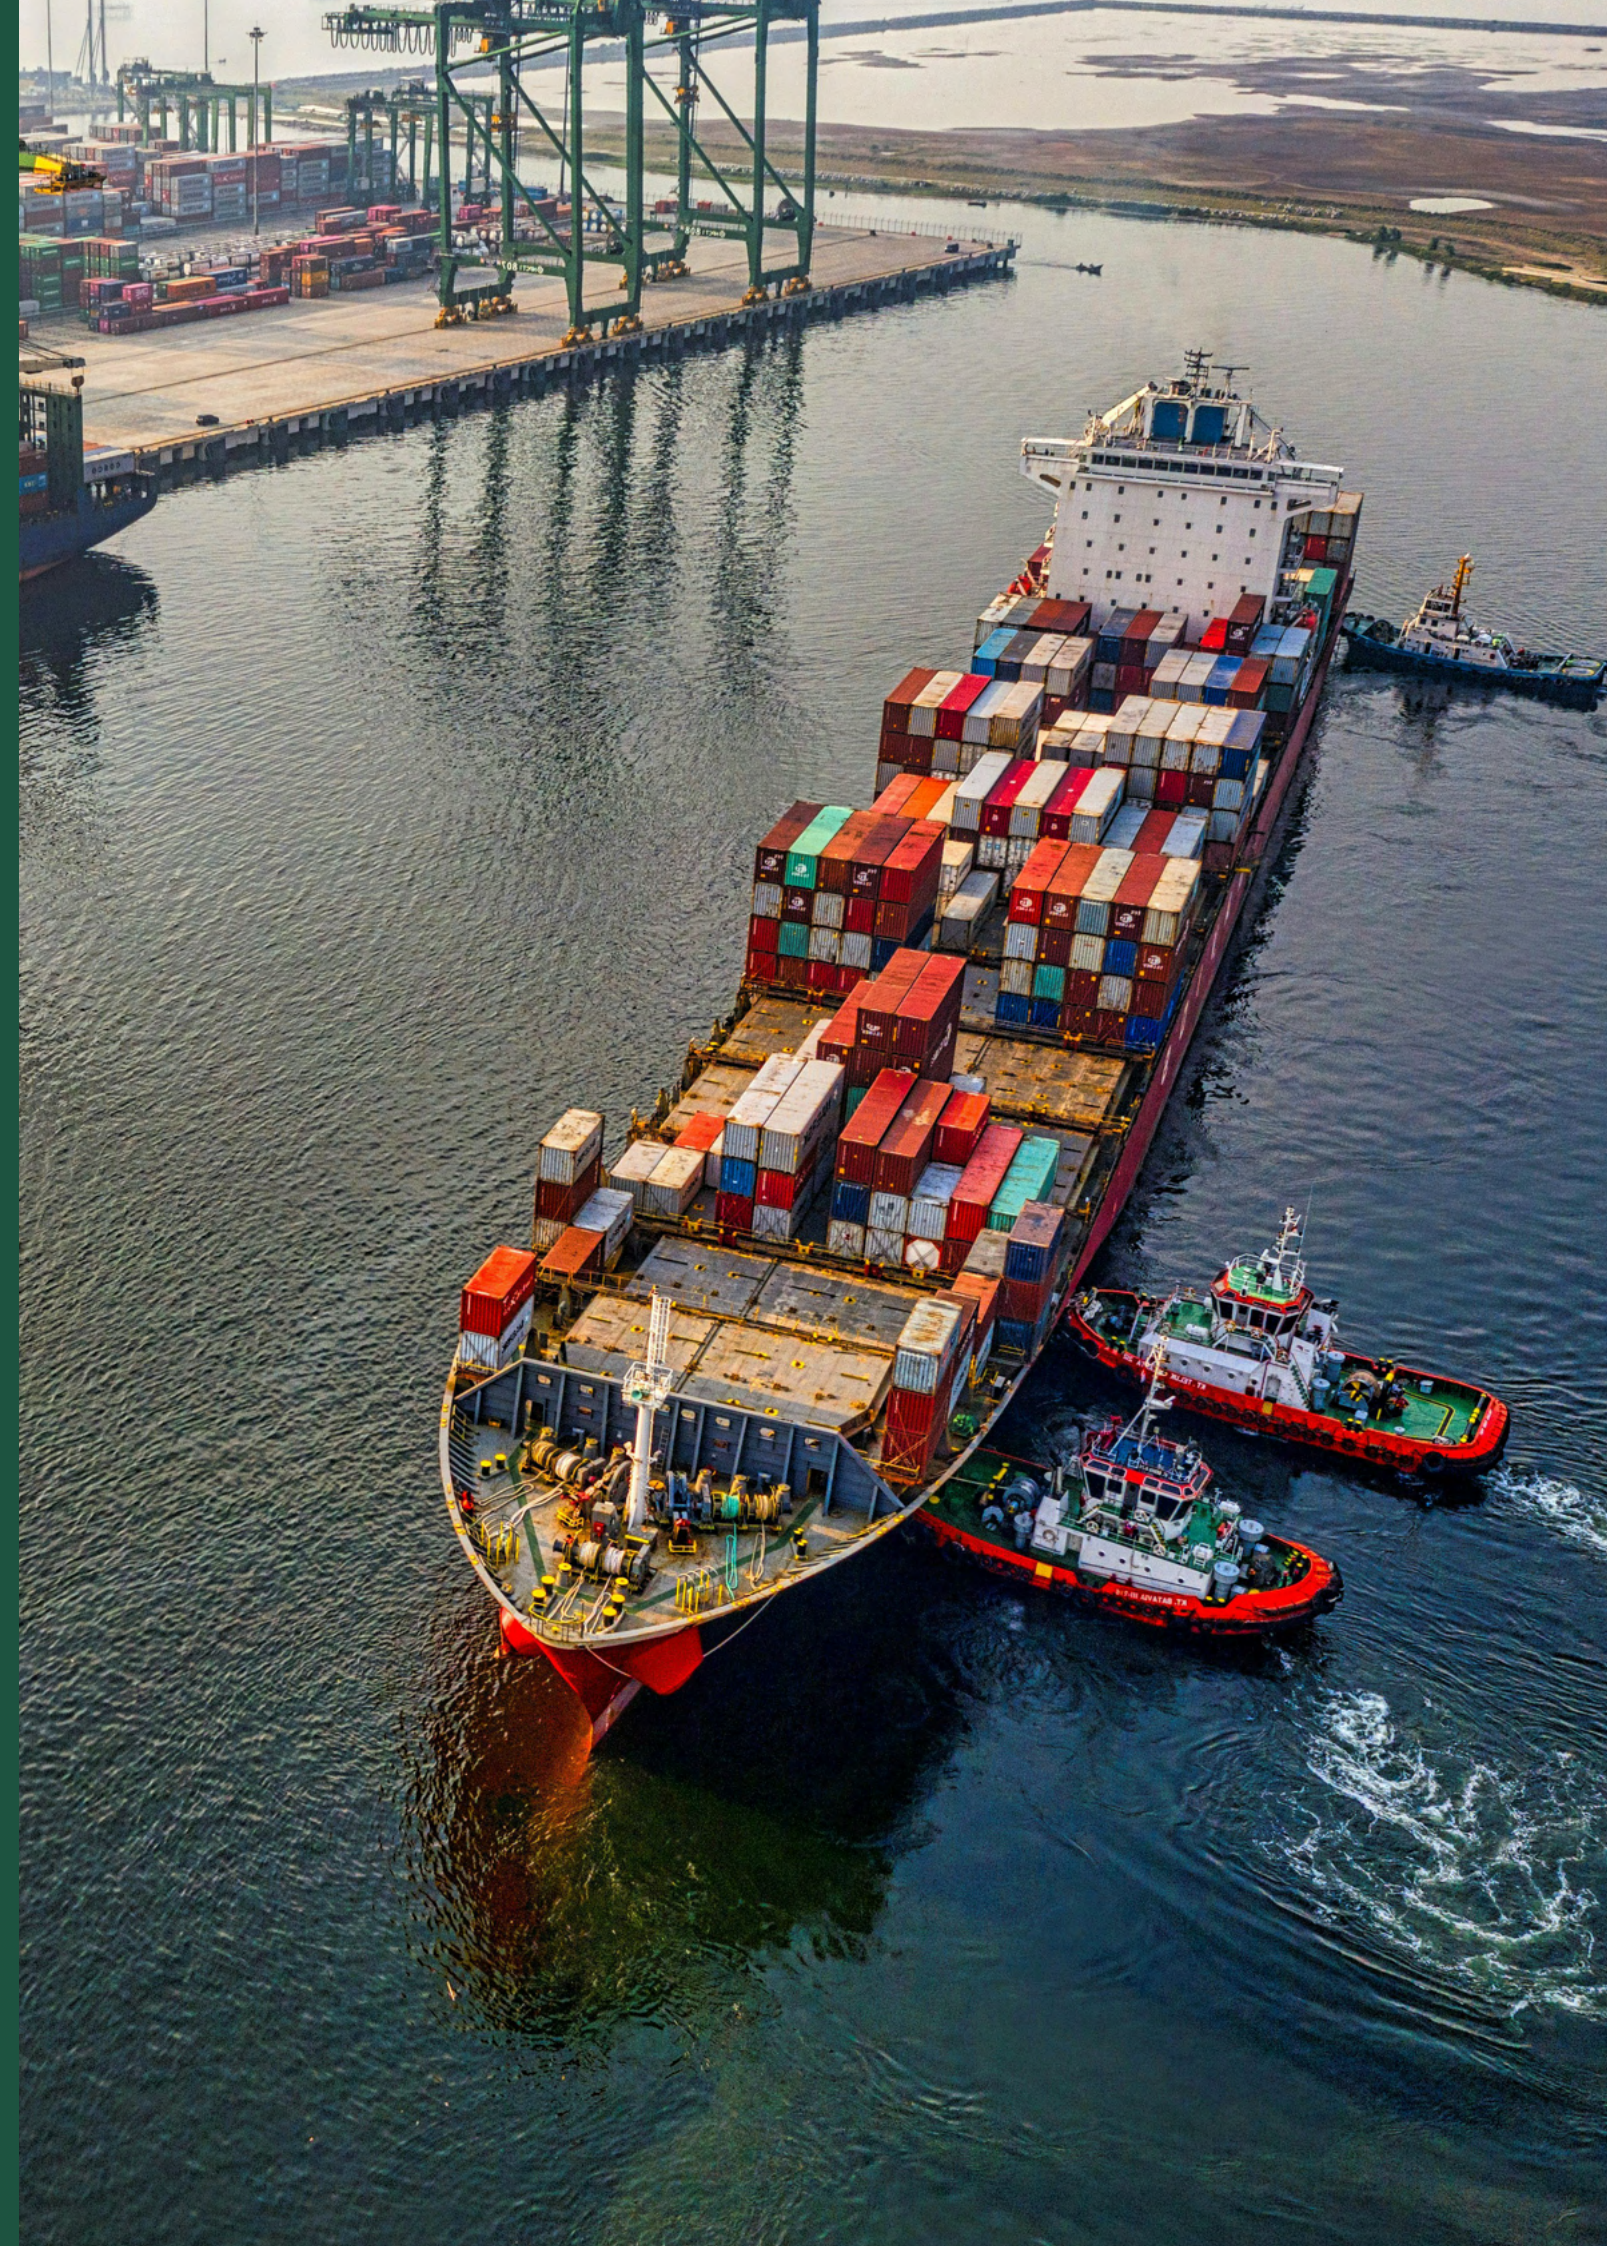

Atlas Food is committed to sound financial management, ensuring a stable and trustworthy financial environment. Our focus on financial health underpins our business operations, supporting long-term sustainability and risk management. This financial integrity is key to our robust trade operations and adaptability in dynamic markets.

Atlas Food is a global partner in quality frozen food trading.

We specialize in sourcing and supplying a diverse range of frozen products, meeting the varied needs of our international clientele. Our selection spans meats, seafood, vegetables, and more, with each category undergoing rigorous quality control to meet our high standards.

We adapt swiftly to changing market demands, and understand the importance of efficient and reliable shipping and logistics in the global food trade.
